## [BUYER ORGANISATION] and Vytalix

### [Discovery project / Staff-only evaluation] — MaternaLink

**Prepared for** [Name, job title]

**Prepared by** Kelvin Williams, Vytalix

**Date** [Date]

**Valid for** 30 days

### Why we are proposing this

[One paragraph. Say the problem in their words, using something they told you in the meeting. Do not describe your software here.]

### What we will do

| Week | What happens                                                        | What you get                                         |
|------|---------------------------------------------------------------------|------------------------------------------------------|
| 1    | Kick-off and access to the right people                             | An agreed plan and a named contact each side         |
| 2–3  | [Two workshops with the maternity team / Staff training and set-up] | [Pathway map / Working system with made-up patients] |
| 4–5  | [Time and cost analysis / Staff use it and we measure]              | [Findings / Usage and task-time data]                |
| 6    | Written report and a presentation to your team                      | The evaluation report and a costed business case     |

### What we need from you

| What                                             | Who          | How much           |
|--------------------------------------------------|--------------|--------------------|
| A named project contact                          | [Their side] | 1 hour a week      |
| Access to midwives and obstetricians             | [Their side] | [X] hours in total |
| [Meeting rooms / a test laptop / staff accounts] | [Their side] | As needed          |

### What this does not include

- No patient-identifiable data is collected, stored or processed by Vytalix.
- No clinical decisions are made using this software during this project.
- No prediction or risk-scoring feature is included. Those are not certified and are not for sale.
- Integration with your patient record system is out of scope and priced separately.

### Price

| Item                                                     | Amount           |
|----------------------------------------------------------|------------------|
| [Discovery project / Staff-only evaluation], fixed price | £[AMOUNT]        |
| Payable on signature (50%)                               | £[HALF]          |
| Payable on delivery of the report (50%)                  | £[HALF]          |
| <b>Total, excluding VAT</b>                              | <b>£[AMOUNT]</b> |

If you go on to license MaternaLink within 12 months, \*\*50% of this fee is credited against your first year.\*\*

### What happens next

1. You confirm by email that you want to proceed.
2. We sign a short agreement and a data processing agreement. [Your solicitor's template.]
3. We agree a start date. The project runs [4–6 / 8–12] weeks from that date.

### About Vytalix

### Notes for you, not for the buyer — delete before sending

- **Price from document 17.** Private £8k–15k Stage A, £15k–25k Stage B. NHS £5k–9k and £10k–18k.
- **Never send this without the company registered.** No company means no contract and no invoice.
- **Never remove the "what this does not include" section.** It is what keeps you legal and it is

what makes a cautious clinical buyer trust you.

- **Do not discount.** Cut a week of scope instead and reprice.
- **Send it within 24 hours of the meeting.** Every day after that halves your chance.
