VERSION

1.0 · Confidential draft

For a buyer deciding whether to talk to us. Send it after a first conversation, before a proposal.

We sell senior health-technology help in three forms: advice by the day or month, fixed-price projects, and training. One person leads every piece of work, and you always know the price before it starts.

Every price below is an ESTIMATE (our best guess, not a fact). We have not yet sold at these prices. We will hold a quoted price for 30 days once it is in a written proposal.

The rules that apply to everything

- Fixed price and fixed scope. Any change is agreed in writing before it is done.
- Under £20,000: half on signing, half on finishing. Over £20,000: 40% on signing, 30% at the midpoint, 30% on finishing.
- Prices exclude VAT and travel. Travel is charged at cost and agreed in advance.
- We will tell you if a cheaper piece of work would answer your question.
- We do not take commission from any software vendor. We are paid by you only.

Advisory — advice by the day or by the month

Package	What it is	Who it is for	What you get	How long	Cost (estimate)

Our courses carry no formal accreditation today. We will not claim one until an accrediting body has granted it.

What we do not sell

- Clinical advice. We are not doctors and we do not give medical opinions.
- Legal or tax advice. We will tell you when to call a solicitor or an accountant.
- Software resale. We take no commission from any vendor, ever.
- Anything about MaternaLink presented as available. MaternaLink is in development and is not for sale.
- Work where we would have a conflict of interest we have not told you about.

What to do next

1. Email us the problem in a paragraph. Say what a good outcome looks like.
2. We hold a free 30-minute call to check we are the right people.
3. If we are, you get a written proposal in five working days with a fixed price and a fixed date.
